Subject: RE: AP Interview - U.S. Ecology Explosion and Fire

Mark,

- 1) 2 START contractors are supporting EPA on scene
- 2) No one has specifically requested EPA support per say, although IDEQ and other state officials appreciate our presence on site to ensure a safe and appropriate response as well as facilitate sharing of information on the incident.

Thanks,
Stephen Ball
EPA OSC

Subject: AP Interview - U.S. Ecology Explosion and Fire

Just did a quick interview with Keith Ridler @ AP Boise Re; our response & oversight...

He asked two questions that I promised to quickly follow up:

1. How many START contractors do we have assisting our OSC @ the scene?
2. Has the Company or any other response authority specifically asked EPA for any support?

Thanks!

MM

Subject: RE: Everything going OK out there?!!!!

Everything is going well. Operations are recovering and securing drums of waste located directly adjacent to the impacted buildings. No safety issues. Thanks for passing on that email from Natalie from DEQ!
